1210 GOLDEN GATE DRIVE • PAPILLION, NEBRASKA 68046

MEMORANDUM

TO: Sarpy County Board of Commissioners
FROM: Duwaine K. Brigman, Landfill Manager
RE: City of Gretna Spring Clean Up Event
DATE: March 11, 2010

The City of Gretna has provided the landfill with a written request to utilize the Sarpy County Landfill for the free disposal of acceptable waste for land disposal into the landfill resulting from the annual clean up event. The clean up event is scheduled for May 1, 2010.

This year the City of Gretna will be transporting the collected materials to the landfill by Abe's Trash Service containers. They may also use the City of Gretna dump truck for the final clean up.

The City of Gretna estimates 30 tons of MSW for free access. They also hope to be able to recycle 10 tons of metal this year.

It is my recommendation to the Sarpy County Board of Commissioners to accept this waste from the City of Gretna's clean up event and to waive the tipping fee requirements for incoming waste generated from this event.

The City of Gretna will be billed the state surtax of \$1.25 per ton for waste delivered to the landfill for land disposal.

Respectfully

Duwaine K. Brigman
Landfill Manager

Papillion, NE 68046

Dear Mr. Brigman,

The City of Gretna requests permission for free access to the Sarpy County Land Fill for our Annual City Wide Clean-up to be held on May 1, 2010. Our event will run from 7am to 3pm with loads being transported to the land fill on Saturday and any remaining loads to be transported on Monday.

I have attached a copy of the "Information Sheet" we provide to our residents. Information includes the date, time and information on acceptable and non-acceptable items.

If you should have additional questions, please contact me at 332-3336 x202.

Sincerely,

Donna Lynam
Zoning Administrator

Sarpy County Environmental Control
Sanitary Landfill
156TH and Fairview Road
Free Access

A policy and procedure was developed by the Sarpy County Landfill and approved by the Sarpy County Board of Commissioners on March 15, 1994. Community wide cleanups would be permitted by; A written request for free access and the dates of the planned event submitted to the Sarpy County Department of Environmental Control, (SCEC). The Director of that department will then fax a form requesting updated information of the community seeking free access to the Sarpy County Landfill. This form must be filled out and returned to Sarpy County Environmental Control. Upon receiving this information the Director of SCEC will then be responsible in placing this request on the County Board of Commissioners Agenda for the earliest scheduled County Board meeting.

Each community will be billed for the State surtax at the rate of \$ 1.25 per ton based upon the total tonnage delivered to the landfill for land disposal. One annual Free Access event will be permitted, and there is a provision for a second City Wide cleanup event at the reduced rate of \$ 9.25 per ton, this rate includes the state surtax charge.

Please provide the following information.

Name of City holding the City Wide Cleanup

City of Sretna

Please list the method of transporting the waste from the City Wide Cleanup event to the landfill.

Abes Trash Haulers and City of Sretna Trucks

Please list dates when the City Wide Cleanup will actually occur.

May 1, 2010

Please list dates when your City will deliver the waste generated by the Cleanup Event to the landfill for land disposal.

May 1, 2010 and May 3, 2010

Please estimate the number of tons to be land filled.

30 tons

Please estimate the number of tons to be recycled.

10 tons

Please list any other company and the type of vehicles that you have authorized to transport waste generated from the cleanup event.

All vehicles used to haul City Wide cleanup materials to the Sarpy County landfill must be properly equipped and operated to prevent the waste, refuse and trash from being blown, dropped or scattered along the roadways of Sarpy County and the State of Nebraska. Notice is hereby given that untarped, open topped vehicles will not be permitted access to the Sarpy County Landfill that is transporting waste collected from a City Wide Cleanup event.
