# **MOTORCYCLE SAFETY EDUCATION BASIC RIDER COURSE**

The Nebraska Department of Motor Vehicles (DMV) has adopted the Motorcycle Safety Foundation (MSF) beginning rider course entitled, "MSF: Basic Rider Course" (BRC). This course provides a minimum of 14 hours of motorcycle instruction which includes at least 4 hours of classroom instruction and at least 10 hours of motorcycle riding. Classroom instruction introduces concepts that are then followed and applied during the motorcycle riding. The course topics include:

- Location of the controls and pre-ride procedures
- Balance and control of the motorcycle
- Riding skills and evasive maneuvers
- Safety equipment and procedures
- Effects of alcohol and drugs while operating a motorcycle

Successful completion of the Basic Rider Course will waive the Department of Motor Vehicle requirements for the written and driving test when applying for a license to operate a motorcycle. Graduates of this course may be eligible for lower insurance rates, so ask your insurance agent about discounts for completing this course. Register early, as enrollment is limited and the courses often fill quickly. For more information, call the Sarpy County Safety Program at 827-9827.
