Re: Surplus Equipment

On July 10, 2018, the County Board will be asked to declare two (2) vehicles, a trailer and a mower surplus along with transferring four (4) vehicles to different departments. Transferring of vehicles will not add additional fleet to any department. The older vehicles will be declared surplus and disposed of after the transfers are completed. George Funderburk, Fleet Services Manager, has provided a memo stating what is being disposed of and the reasoning. If you have any questions, please feel free to contact George or me.

Ref: Disposal and Transfer Recommendation – Surplus Vehicles  

The County has several vehicles that I have evaluated and determined that they can be transferred to other departments or declared surplus.

I have transferred the following County vehicles to the various departments as listed. I will be replacing older vehicles that have higher mileage and not cost effective to repair. Once the vehicle transfer is complete and vehicle is ready to be placed into service the older vehicle will be removed from service and disposed of at a later date.
