RESOLUTION RESCINDING RESOLUTION 2017-467 AND APPROVING AND AUTHORIZING CHAIR TO SIGN THE SUBDIVISION AGREEMENT BETWEEN SARPY COUNTY, RICHLAND HOMES, LLC AND SANITARY AND IMPROVEMENT DISTRICT 333 (Hills of Aspen Creek, Lots 1-267, Outlots A-G)

WHEREAS, pursuant to Neb. Rev. Stat. § 23-104, the County has the power to do all acts in relation to the concerns of the County necessary to the exercise of its corporate powers; and,

WHEREAS, pursuant to Neb. Rev. Stat. § 23-103, the powers of the County as a body are exercised by the County Board; and,

WHEREAS, pursuant to Neb. Rev. Stat. § 23-114, a County Board of Commissioners shall have the authority to adopt a Zoning Regulation, which shall have the force and effect of law; and,

WHEREAS, on December 12, 2017, via Resolution 2017-464, the County Board approved a Final Plat for the Hills of Aspen Creek development (Lots 1 – 472, Outlots A – O). At the same meeting, via Resolution 2017-467, the County Board also approved a Subdivision Agreement for the Hills of Aspen Creek development (Lots 1 – 472, Outlots A – O). However, the Gretna Public Schools Board of Education is currently considering locating an elementary school within the previously approved Final Plat. As a result, the developer, Richland Homes has modified the Final Plat so that construction can start in the area not effected by the possible school site; and,

WHEREAS, the Subdivision Agreement for the Hills of Aspen Creek development must also account for the new circumstances; and,

WHEREAS, Richland Homes, LLC plans to develop the property generally located northwest corner of 180th Street and Cornhusker Road in Sarpy County; and,

WHEREAS, the County of Sarpy, Richland Homes, LLC, and Sanitary and Improvement District 333 desire to enter into a Subdivision Agreement, a copy of which is attached hereto, which governs the development of the Hills of Aspen Creek Subdivision, Lots 1-267, Outlots A – G; and,

NOW, THEREFORE, BE IT RESOLVED BY THE SARPY COUNTY BOARD OF COMMISSIONERS THAT the Subdivision Agreement for the Hills of Aspen Creek (Lots 1 – 472, Outlots A – O), approved at Resolution 2017-467 is hereby rescinded.

BE IT FURTHER RESOLVED THAT the Subdivision Agreement between the County of Sarpy, Richland Homes, LLC, and Sanitary and Improvement District 333 for the Hills of Aspen Creek, Lots 1-267, Outlots A – G is hereby approved and the Chairperson and the Clerk are hereby authorized to execute the same, a copy of said Subdivision Agreement is attached hereto.
The above Resolution was approved by a vote of the Sarpy County Board of Commissioners at a public meeting duly held in accordance with applicable law on the 11th day of September, 2017.

2018

Attest

SEAL

Sarpy County Board Chairman

County Clerk
RESIDENTIAL SUBDIVISION AGREEMENT
(PUBLIC FINANCING UTILIZED)

This Subdivision Agreement made as of the dates indicated at the signatures below by and between Richland Homes, LLC, a Nebraska limited liability company (hereinafter “Developer”), Sanitary and Improvement District Number 333 of Sarpy County, Nebraska (hereinafter “District”), and the County of Sarpy, State of Nebraska (hereinafter “County”). Collectively, Developer, District, and County are hereinafter sometimes referred to as the “Parties.”

WITNESSETH:

WHEREAS, Developer is the owner of or has been designated by the owner as agent for the development of the parcel of land or real property within the County’s zoning and platting jurisdiction shown on the plat attached hereto as Exhibit “A” (hereinafter defined as the “Development Area”), known as SID 333 (Hills of Aspen Creek). The Development Area is located within the corporate limits of Sanitary and Improvement District No. 333 in Sarpy County, Nebraska, which is within the County’s zoning and platting jurisdiction; and

WHEREAS, Developer has requested County to approve a specific platting of the Development Area; and

WHEREAS, Developer and District wish to connect to the sewer and water system to be constructed by District Number 333 within the Development Area with the sewer system of County; and

WHEREAS, Developer, District, and County wish to agree upon the manner, method and the extent to which public funds may be expended in connection with the installation and construction of public improvements constructed within and/or serving the Development Area, the extent to which those contemplated public improvements specially benefit property within the Development Area or property adjacent thereto, whose costs shall be specially assessed and those public improvement costs that are deemed to be of general benefit to the property within the District.

WHEREAS, Developer, District and County agree that the terms and conditions hereof shall govern development of the entire Development Area.

NOW, THEREFORE, THE PARTIES AGREE AS FOLLOWS:

SECTION I.

For the purposes of this Agreement, the following words and phrases shall have the following meanings:

A. The “cost” or “entire cost,” being used interchangeably, of a type of improvement shall be deemed to include all construction costs, engineering fees, design fees, attorney’s fees, testing expenses, publication costs, financing costs, penalties, forfeitures and default charges, and
miscellaneous costs, including, among others, interest on warrants to date of the levy of special assessments and fiscal agent’s warrant fees and bond fees, owing or to become owing.

B. “Property benefited” shall mean the property that is benefited from the public improvements and is situated either (1) within the Development Area or (2) outside of the Development Area, but inside the corporate limits of District. No special assessments shall be assessed against any outlot nor against any other lot, part of lot, lands and real estate upon which cannot be built a structure compatible with the zoning regulations of said lot except to the extent of the special benefit to said lot, part of lot, lands and real estate by reason of such improvement.

C. “Street intersections” shall be construed to mean the area of the street between the returns of the various legs of the intersection, but in no case shall said area extend in any direction beyond a straight line drawn perpendicular from the centerline of the street to the adjacent lot corner.

D. “General obligation” shall mean the entire costs that are not specially assessed.

E. “Development Area” shall mean the parcel of land or real property within the County’s zoning and plating jurisdiction shown on the plat attached hereto as Exhibit “A” which shall not include any future changes in boundaries unless agreed to in advance in writing by County.

F. “Wastewater” shall include, but not be limited to, wastewater and sewage.

G. “Wastewater sewer line” shall be deemed to include all wastewater lines and sanitary sewer lines. “Wastewater sewer system” shall be deemed to include all wastewater systems and sanitary sewer systems.

H. “County Board” shall mean the County Board of Commissioners of Sarpy County, Nebraska.

SECTION II.

Developer and District jointly and severally represent and covenant that Developer shall and District shall, thirty (30) days prior to the start of construction, present to the County Clerk for the benefit of County, duly authorized and executed, binding contracts in full force and effect for the timely and orderly engineering, procurement, and installation of the public improvements hereinafter set forth, according to the terms of those contracts; and they shall also provide and deliver to County written confirmation of a duly authorized and executed binding agreement between District and its fiscal agent for the placement of the warrants or bonds of District used for the payment of engineering, procurement, and installation of the improvements hereinafter set forth. Final plans and specifications for Subparagraphs B, C, and D, of this Section II must have the approval of County and shall be submitted to County for review and approval at least thirty (30) days prior to award of contracts. Developer, District and County agree that the credit of District shall be used for the construction of the following public improvements within the Development Area:

A. Grading of street right-of-way;
B. Construction of and concrete paving of all streets dedicated pursuant to the plat (see Exhibit “A”); all of said paving to be twenty-five feet in width. All interior streets shall be constructed within the right-of-way as shown on the attached plat and shall be constructed of Portland cement concrete with an integral curb and gutter system. Approval of this Agreement and the plat pertaining thereto shall not constitute the creation of a County Road or acceptance of such platted roads or streets for maintenance by County.

C. All sanitary sewer mains, manholes, and related appurtenances constructed in dedicated street rights-of-way and easements pursuant to the plat (see Exhibit “A”), shall be located as shown on the plans and specifications for said sanitary sewer improvements prepared by Lamp, Rynearson and Associates, a copy of which is attached hereto as Exhibit “B” and “B-2”

D. Storm sewers, inlets, manholes, and related appurtenances constructed on and in dedicated street rights-of-way and easements pursuant to the plat (see Exhibit “A”) shall be located as shown on the plans and specifications for said storm sewer improvements prepared by Lamp, Rynearson and Associates, Engineers, a copy of which is attached hereto as Exhibit “C.”

E. Water distribution mains located within dedicated street rights-of-way dedicated pursuant to the plat (see Exhibit “A”) shall be installed as shown on the water plan improvements prepared by Metropolitan Utilities District, a copy of which is attached hereto as Exhibit “D.”

F. Gas distribution mains located within dedicated street rights-of-way dedicated pursuant to the plat (see Exhibit “A”) shall be installed by Metropolitan Utilities District or Peoples Natural Gas.

G. Street lighting for public streets dedicated pursuant to the plat (see Exhibit “A”) to be installed by the Omaha Public Power District.

H. Underground electrical service to each of the lots within the Development Area, shall be installed by the Omaha Public Power District.

I. All aspects of sidewalk construction shall be governed by the County Zoning and Subdivision Regulations and any and all applicable resolutions of the Sarpy County Board of Commissioners. Developer or District shall construct a concrete sidewalk on both sides of a paved street within the dedicated street right-of-way, with a minimum width as required by the County Zoning and Subdivision Regulations. All trails and sidewalks required by this Agreement and/or the Sarpy County Zoning or Subdivision Regulations shall be maintained by abutting property owner or District. The concrete sidewalk along the south side of Palisades Drive and along Cornhusker Road shall be no less than six feet (6’) in width. A Paving and Sidewalk plan and the Linear Trail Park Plan prepared by Lamp, Rynearson and Associates showing the general obligation paving is attached hereto as Exhibit “E” and Exhibit “J” respectively. District shall ensure that sidewalks along both sides of all public streets within the Development Area shall be constructed according to the following schedule:
1. For any improved or built upon lot: Abutting sidewalks shall be constructed immediately or as soon as weather permits. Handicap ramps with detectable warning panels shall be constructed at public street intersections concurrently with the sidewalks of any improved or built upon lot.

2. For any vacant or unimproved lot: When sixty-five percent (65%) of lots on one side of a street have been improved, sidewalks shall be constructed on all vacant lots located on that side of the street with the sixty-five percent (65%) build out.

3. In any event, all sidewalks shall be constructed upon the public streets within three (3) years of the recording of the subdivision plat. Handicap ramps with detectable warning panels shall be constructed at public street intersections concurrently with sidewalk construction.

J. Landscaping shall be located as shown on the Landscape Exhibit prepared by Lamp, Rynearson and Associates attached hereto as Exhibit “F”. District shall install landscaping around all entry sign features upon the completion of said feature.

K. Purchase of park property as per plat (see Exhibit “A”) is subject to price and terms to be approved in writing by County.

L. Street signs at all intersections per plat (see Exhibit “A”) shall comply with the Manual of Uniform Traffic Control Devices (MUTCD).

M. Sewer fees paid to the County.

N. Post construction stormwater management features and related appurtenances shall be located as shown and constructed in conformity with the Post Construction Stormwater Management Plan, attached hereto as Exhibit “G”. Construction of post-construction stormwater management features or “BMPs” (Best Management Practices) shall be constructed in conformance with the “Omaha Regional Stormwater Design Manual”.

O. The Development Area shall be graded as shown on the Grading Exhibit prepared by Lamp, Rynearson and Associates attached hereto as Exhibit “H”. All grading shall be in conformance with the Sarpy County Zoning Regulations, inclusive of payment of permit fees when a grading permit is required under said regulations.

P. Fire hydrants shall be installed in the subdivision prior to any construction within the subdivision. The Warning Siren Plan, attached hereto as Exhibit “I” shows the coverage of the existing outdoor warning sirens. When property surrounding the Development Area develops and installs outdoor warning sirens which include coverage for that portion of the Development Area not presently covered by warning sirens, District shall cost participate in the installation of a warning siren which covers the Development Area. Said outdoor warning sirens must be capable of sounding the warning through the Sarpy County radio system. The cost for said outdoor warning sirens shall be treated as a general obligation cost of the District.
Q. Erosion control shall be performed by seeding the Development Area, controlling erosion of areas disturbed by grading operations, constructing temporary terraces on slopes, temporary silting basins and spillways, and any additional measures necessary to prevent erosion, damage and sedimentation to adjacent properties and public rights-of-way. All erosion control measures shall adhere to the Sarpy County Stormwater Regulations.

SECTION III.

It is agreed that the credit or funds of District shall not be used for the engineering, procurement, or construction of any improvements of facilities within the Development Area except those public improvements specified in Section II hereof or as otherwise provided in this Agreement. By way of specification and not by way of limitation, the Parties agree that the District shall not incur any indebtedness or otherwise involve its credit or expend any of its funds in the construction, acquisition, or improvement of any swimming pool, golf course, park, playground or other recreational facility, or any interest in real estate, without the express prior written approval by Resolution of the Sarpy County Board of Commissioners. Developer and District covenant that there shall be no general obligation of the District without prior written approval of County.

SECTION IV.

Developer and County agree that the entire cost of all public improvements constructed by District within the Development Area (see Exhibit “A”) as authorized by Sections II and III, above, shall be defrayed as follows:

A. One hundred percent (100%) of the entire cost of all paving and street construction will be paid by special assessment against the property benefited, except that the cost of the paving and construction of street intersections, the cost of one-half of the street width at park or publicly owned outlot frontage, the cost of pavement thickness in excess of seven (7) inches, and the cost of pavement width in excess of twenty-five (25) feet exclusive of curbs and gutters, shall be borne by general obligation of District. The cost of curbs for purposes of assessment shall be one hundred percent (100%) specially assessed against the property benefited thereby. Regulatory and street name signs shall be purchased and installed by District. The cost of regulatory and street name signs may be a general obligation of District.

B. One hundred percent (100%) of the entire cost of all sidewalk construction shall be paid either by special assessment against the property benefited within the Development Area, or by Developer or property owner at the time of the development (“development” shall mean issuance of an occupancy permit by County) of individual platted lots. The cost of trails/sidewalks along exterior arterial streets, or publicly owned outlot frontage, may be borne by general obligation of District. All sidewalks shall have a minimum width and minimum spacing from the back of the curb as required by the Sarpy County Zoning and Subdivision Regulations.
C. One hundred percent (100%) of the entire cost of sanitary sewers, including manholes and other appurtenances, shall be paid by special assessment against property benefited within the Development Area, except as follows:

1. In the case of sanitary sewer lines greater than eight inches (8”) in diameter that are oversized to serve a total drainage area larger than the Development Area, the cost of oversizing in excess of eight inches (8”) may be a general obligation, whether such line is inside or outside of the Development Area. The cost of oversizing in excess of eight inches (8”), whether inside or outside of the Development Area, may be paid by general obligation, which general obligation portion shall be eligible for recovery from connecting subdivisions on the basis provided in Subsection C.2. below.

2. The cost of oversizing beyond eight inches (8”) in diameter, whether inside or outside of the Development Area, may be recovered by the District from other property in the drainage area served or to be served by the sewer in proportion to the estimated number of acres of buildable property and contributing design flows in the drainage area in accordance with Subsection VII.B.

3. One hundred percent (100%) of Sewer fees paid to the County for the sanitary sewer represented on Exhibit “B” attached hereto may be generally obligated.

4. One hundred percent (100%) of the cost of outfall sewer lines and lift stations may be a general obligation of the District.

D. One hundred percent (100%) of the entire cost of all storm sewers, including manholes, inlets, easements and related appurtenances, may be a general obligation of the District.

E. One hundred percent (100%) of the entire cost of the water distribution system serving the Development Area shall be specially assessed against the property benefited within the Development Area. Refunds, if any, shall be credited in the manner used for underground power as provided in Section IV (H) thereof. One hundred percent (100%) of the entire cost of the water approach mains and any pioneer main fees may be a general obligation of the District.

F. One hundred percent (100%) of the entire cost of the gas distribution system serving the Development Area shall be specially assessed against the property benefited within the area to be served. One hundred percent (100%) of the entire cost of the gas approach mains and any pioneer main fees may be a general obligation of the District.

G. One hundred percent (100%) of the cost of the monthly contract charges paid to Omaha Public Power District for furnishing the lighting of public streets shall be paid out of the general operating fund of District.

H. All contract charges for underground power or natural gas authorized to be paid by District to the Omaha Public Power District or to any public gas utility, including both the basic charges and refundable charges, together with all other charges as fall within the definition of entire cost as defined in this Agreement, including all penalties and default charges, and are allocable
to such contract charges, shall be specially assessed against property within the Development Area. Any refund of the refundable portion of the underground electrical service charge for a particular lot which shall be made by Omaha Public Power District to District or its successors shall be credited as follows:

1. If the refund is prior to the levy of special assessments for underground electrical service, said refund shall be credited as a reduction in the total cost of the underground electrical services to be levied against said lot.

2. If the refund is after the date of the levy of special assessments for underground electrical service, said refund shall be credited as a payment on the balance owing on the special assessment levied against said lot in connection with underground electrical service for said lot.

3. If the refund is after the date of levy and payment in full of special assessment, said refund shall be repaid to persons paying the special assessment or their assignees.

I. Fire hydrants shall be provided by Developer at Developer’s cost or by the District and specially assessed against the property within the Development Area. The type of hydrants and control valves and the location of the hydrants shall be approved by the applicable fire chief. Fire hydrants shall be installed in the subdivision, prior to the commencement of construction on any structure within the subdivision. The Development Area is covered by the warning sirens shown on Exhibit “I”; said sirens are capable of sounding the warning through the Sarpy County radio system. When property surrounding the Development Area develops and installs outdoor warning sirens which include coverage for that portion of the Development Area not presently covered by warning sirens, District shall cost participate in the installation of a warning siren which covers the Development Area. Said outdoor warning sirens must be capable of sounding the warning through the Sarpy County radio system. The cost for said outdoor warning sirens shall be treated as a general obligation of the District.

J. One hundred percent (100%) of the entire cost of the original street signs shall be a general obligation of the District. All street signs shall conform to County standards. Decorative, ornamental, or any other signs as allowed in the Manual of Uniform Traffic Control Devices, hereinafter the “MUTCD”, shall not be installed unless prior written approval by the County Board is received. The County’s written approval for decorative or other signs as allowed in the MUTCD shall only be required while the Development Area is within the zoning jurisdiction of the County or as otherwise required by law. One hundred percent (100%) of the entire cost of decorative, ornamental, or any other signs not allowed in the MUTCD shall be at the cost of Developer. One hundred percent (100%) of the maintenance costs for the street signs shall be paid from the general operating fund of District.

K. Silt ponds/basin: The initial construction cost of grading and piping for temporary sediment and erosion control facilities shall be paid for privately by the Developer. Removal of sediment and erosion control measures may be a general obligation of the District. All silt ponds/basins are to remain in place until seventy-five percent (75%) of the drainage sub-basin serviced by
erosion control measures are fully developed. District shall maintain silt pond/basin as described in subparagraph 2 below.

1. Sediment removal shall be paid as follows:
   a. During the initial construction of public streets and sewers, the District may pay for the removal as a general obligation of the District.
   b. For all subsequent sediment removal, the District shall pay for the work from its operating fund.
   c. Silt pond/basin closure or removal may be a general obligation of the District.

2. District shall maintain the silt pond/basin such that the silt pond/basin does not become a nuisance or hazard to the community.
   a. If at any time County determines that the silt pond/basin is a hazard or a nuisance, County will send a notice to the District with a recommendation to either (i) remedy said hazard or nuisance or (ii) remove the silt pond/basin. Removal of the silt pond/basin may be recommended even prior to the time when seventy-five percent (75%) of the drainage sub-basin serviced by erosion control measures are fully developed. District shall comply with County’s recommended action in the notice letter. If after thirty (30) days District does not comply with County’s recommended action as provided in the notice letter, at County’s discretion, County may fix the nuisance or hazard (up to and including silt pond/basin removal) and District shall be financially responsible and pay for any and all costs of said remedy or removal. County shall submit an invoice to District and District shall pay County within thirty (30) days. Interest at a rate of fourteen percent (14%) per annum shall apply to all payments made after thirty (30) days.

L. In accordance with the terms set out below, District shall participate in the Actual Total Costs of road improvements, inclusive of any traffic devices to 180th Street, Cornhusker Road and 186th Street and enter into one or more Interlocal Cooperation Act agreement(s) with County, the City of Gretna, or other applicable political subdivision for said improvements. In the event an Interlocal Cooperation Act agreement does not exist, Developer, District, and County shall be bound by the terms set out herein. Any costs incurred by the District in connection with the 180th Street Improvements, the Cornhusker Road Improvements, or the 186th Street Improvements shall be a general obligation of the District.

1. **Actual Total Cost.** Actual Total Cost as used herein shall mean the design costs, engineering fees, right-of-way acquisition, any environmental studies or documentation, testing expenses, construction administration, grading, drainage, paving, construction, and related fees and expenses for the road construction and traffic signal improvements or traffic control device contemplated herein. Actual Total Cost shall not include any costs for attorney’s fees, publication costs, accounting, financing, or acquisition of financing incurred by any Party.

2. **180th Street Improvements.** The 180th Street Improvements shall be that portion of 180th Street which commences at Cornhusker Road and travels north to the northern
boundary of the District, inclusive of the intersection of 180th Street and Palisades Drive and specifically including that portion Tax Lot (TL) 4 and TL 1B adjacent to 180th Street, all as shown on Exhibit “A”, approximately 1,570 feet. Said 180th Street Improvements may be constructed at County’s discretion based upon project funding and priority. The 180th Street Improvements may be split into two (2) or more phases.

A. District shall pay for the Actual Total Cost associated with one (1) lane of road improvement of the 180th Street Improvements along with 100% of the cost of a sidewalk along the west side of the 180th Street Improvements, hereinafter the “District Cost Share for 180th St Improvements”.

B. Phase One 180th Street Improvements. Phase One 180th Street Improvements will be that portion of 180th Street commencing approximately at the southern boundary of Sanitary and Improvement District 321 (SID 321) and traveling north approximately three hundred two feet (302’), (from proposed Lot 177 Palisades West and traveling north to the northern boundary of the proposed Outlot A Palisades West), consisting of three (3) lanes of design, grading, drainage, paving, and construction. SID 321 will be the lead agency and will likely be constructing said Phase One 180th Street Improvements in 2018. Upon the commencement of the Phase One 180th Street Improvements by SID 321, District shall immediately enter into an Interlocal Cooperation Act agreement with SID 321 in order to coordinate design, grading, drainage, paving, construction, and payment of District’s Cost Share for 180th St Improvements for the above described segment of 180th Street Improvements. If for any reason the Phase One 180th Street Improvements are not constructed in 2018, District shall not be relieved of District’s obligation for any portion of the District Cost Share for 180th St Improvements.

C. County reserves the right to be the lead agency for the remaining phases of the 180 Street Improvements. As lead agency, County will submit an invoice to District for the Actual Total Cost of District Cost Share for 180th St Improvements and District shall pay all invoices within sixty (60) days. Interest at a rate of seven percent per annum (7%) shall apply to all payments made after sixty (60) days. As lead agency, County may submit periodic invoices to District prior to completion and acceptance of 180th Street Improvements.

3. Cornhusker Road Improvements. The Cornhusker Road Improvements shall be that portion of Cornhusker Road which commences at 180th Street and travels west to the western boundary of the District and specifically including that portion TL 4, TL 1B, Lot 1 Barkley’s Hilltop, and TL 3 adjacent to Cornhusker Road, all as shown on Exhibit “A”, approximately 2,625 feet. Said Cornhusker Road Improvements may be constructed at County’s discretion based upon project funding and priority.

A. District shall pay for the Actual Total Cost associated with one (1) lane of road improvement of the Cornhusker Road Improvements along with 100% of the
cost of a sidewalk along the north side of the Cornhusker Road Improvements, hereinafter the “District Cost Share for Cornhusker Road”.

B. County has completed engineering design plans for the Cornhusker Road Improvements. County will submit an invoice to District for the Actual Total Cost of the engineering design plans for the District Cost Share for Cornhusker Road and District shall pay said invoice within sixty (60) days. Interest at a rate of seven percent per annum (7%) shall apply to all payments made after sixty (60) days. The estimated cost for the District Cost Share of the engineering design plans for Cornhusker Road is approximately $55,000.

C. County reserves the right to be the lead agency on the Cornhusker Road Improvements. As lead agency, County will submit an invoice to District for the Actual Total Cost of District Cost Share for Cornhusker Road Improvements and District shall pay all invoices within sixty (60) days. Interest at a rate of seven percent per annum (7%) shall apply to all payments made after sixty (60) days. As lead agency, County may submit periodic invoices to District prior to completion and acceptance of Cornhusker Road Improvements.

4. Cornhusker Road Traffic Control Device. At County’s discretion, a traffic control device at the intersection of Cornhusker Road and 180th Street, hereinafter the “Cornhusker Rd Traffic Control Device”, may be installed based upon traffic counts meeting warrants under the MUTCD, safety, or traffic projections. District shall pay for one-third (1/3) the Actual Total Cost of the design, purchase, construction, and installation costs associated with the Cornhusker Rd Traffic Control Device. District shall pay an invoice for the Cornhusker Rd Traffic Control Device within sixty (60) days. Interest at a rate of seven percent per annum (7%) shall apply to all payments made after sixty (60) days.

5. 186th Street Improvements. 186th Street Improvements shall be that portion of the proposed 186th Street which commences at Cornhusker Road and travels north to the northern boundary of the District and specifically including that portion Lot 1 Barkley’s Hilltop and TL 3 adjacent to 186th Street, all as shown on Exhibit “A”, approximately 1,000 feet. The 186th Street Improvements shall be a minimum of two (2) lanes and shall be constructed at no cost to County. Construction of the 186th Street Improvements will occur no later than when the property adjacent to the west side of the Development Area develops. District may design and construct the 186th Street Improvements prior to the development of the adjacent western property at District’s discretion.

6. 186th Street Traffic Control Device. At County’s discretion, a traffic control device at the intersection of Cornhusker Road and 186th Street, hereinafter the “186th Street Traffic Control Device”, may be installed based upon traffic counts meeting warrants under the MUTCD, safety, or traffic projections. District shall pay for one-fourth (1/4) the Actual Total Cost of the design, purchase, construction, and installation costs associated with the 186th Street Traffic Control Device. District shall pay an invoice
for the 186th Street Traffic Control Device within sixty (60) days. Interest at a rate of seven percent per annum (7%) shall apply to all payments made after sixty (60) days.

M. Notwithstanding any other provision herein, County cost participation for the 180th Street Improvements and the Cornhusker Road Improvements shall not include payment for any costs associated with any sidewalks or trails.

N. Any charges not specifically approved for general obligation in Paragraphs A. through L. of this Section shall be specially assessed.

O. Developer and District covenant that there shall be no other general obligation without the prior written approval of County.

SECTION V.

District may make certain payments in connection with the extension of water and gas to the boundary of the District with the costs to be defrayed as follows:

A. Payment to the utility for such extension shall be made only to the extent the utility by policy of practice does not absorb the cost of such extension.

B. If the extension main is primarily designed and sized to serve the Development Area and no oversizing for service to areas outside the Development Area is involved, then all payments to the utility and related costs shall be one hundred percent (100%) specially assessed. Connection refunds, if any, received for the utility shall be credited in a manner similar to that provided for underground electric service in Subsection IV.H. hereof.

C. If the extension main is designed and sized to serve properties outside of the Development Area, the cost of the extension main that would be installed if only the Development Area were to be served shall be specially assessed and the cost of oversizing the main above that size may be borne by general obligation. Refunds from the utility attributable to oversizing cost shall be credited to the Construction Bond Fund of the District. Refunds from connections within the Development Area shall be credited in a manner similar to that for underground electrical service as provided in Subsection IV.H. hereof.

D. The credit or refunds of the District shall not be used for payment of individual property connection fees for utilities. When credit or refunds of District are used to pay sewer fees to the County, the entire cost thereof shall be specially assessed against the properties served or benefited.

SECTION VI.

Credits or funds of District may be used to pay for any improvements specified and authorized in the Agreement, but not for any other purpose. Provided, however, District may issue
warrants for the purpose of paying for repairs, maintenance, and operating costs of District, such to be paid out of funds obtained by District through its general fund mill levy, or where allowed by law, such warrants may be paid from special assessments or fees or charges. Maintenance, repair, and reconstruction of a public improvement shall not be a general obligation of District without the prior written approval of County. District shall not acquire any interest in real property without the prior written approval of County.

SECTION VII.

The wastewater system of the District shall be subject to the conditions and provisions hereinafter specified.

A. County has entered into an agreement for wastewater service with the City of Omaha (Omaha) and the City of Gretna (Gretna) whereby County has agreed to convey wastewater from Gretna sewer lines through the County Interceptor Sewer and Omaha has agreed to treat said wastewater. The District sanitary sewer system is shown on Exhibit B and connects to the wastewater system of Gretna which eventually connects to the County Interceptor Sewer. County hereby grants permission to District to allow wastewater from the District wastewater sewer system to flow into the wastewater system of County. County shall have the right to collect applicable fees and charges for any connections to County’s system. District’s connection to the wastewater system of Gretna shall be in compliance with any rules or regulations required by Gretna.

B. Title to the wastewater sewer outfall outside the boundaries of District, as well as any associated easements, all as shown on Exhibit “B,” shall vest in the District upon the completion of said outfall and District’s approval of the construction and condition of said outfall, and final acceptance by District. District shall not permit any connection to said outfall, or to any sewer which drains onto said outfall, without prior written approval by County or City of Gretna, according to any laws, rules or regulation that may be applicable.

C. The portion of the outfall within the boundaries of the District shall remain the property of the District, and shall be maintained in good working order by District to adequately serve all users of said outfall.

D. At all times all wastewater from and through said District into County’s wastewater sewer system and City of Gretna’s wastewater sewer system shall be in conformity with the ordinances, regulations, and conditions applicable to sewers and wastewater within the zoning jurisdiction of County as now existing and as from time to time amended.

E. Before any connection from any premises to the wastewater sewer system of District can be made, a permit shall be obtained for said premises, and its connection from the proper department of County. Said permit shall be obtained pursuant to the terms, conditions, fees, and requirements of County for connection to the wastewater sewer system within the zoning jurisdiction of County. It being expressly understood that County reserves the right to collect
all connection charges and fees as required by County regulations, ordinances or rules now or hereafter in force. All such connections shall comply with minimum standards prescribed by County and wastewater sewer service agreement with the City of Gretna.

F. Upon the signing of this Agreement, Developer and District shall pay to the County all of the City of Gretna Sewer Capital Facility (Special Connection) fees in accordance with the City of Gretna’s existing fee schedule. County shall remit said fees to the City of Gretna.

G. Notwithstanding any other provision of this Agreement, County retains the right to disconnect the wastewater sewer of any industry or other sewer user within the Development Area which is discharging into the wastewater sewer system in violation of an applicable ordinance, statute, rule, or regulation, whether local, state, or federal.

H. District warrants that it has not employed or retained any company or person, other than a bona fide employee working for District, to solicit or secure this Agreement and that it has not paid or agreed to pay any company or person other than a bona fide employee working for District any fee, commission, percentage, brokerage fee, gift, or any other consideration, contingent upon or resulting from the award or making of this Agreement. For breach or violation of this warranty, County shall have the right to annul this Agreement without liability to Developer or District. District shall require the same warranty from each contractor with whom it contracts in any way pertaining to its wastewater sewer system. The Prohibition provided for herein shall not apply to the retention of any attorney or other agent for the purpose of negotiating any provision of this Agreement where the existence of such agency has been disclosed to County.

I. Subletting, assignment, or transfer of all or part of any interest of District hereunder is prohibited.

J. District is i) bound by and to any provisions of any ordinances, rules, and regulations made, amended or hereafter made and adopted by County applicable to sanitary and improvement districts whose wastewater sewers connect directly or indirectly with or into any part of the wastewater sewer system within the zoning of County; and ii) bound by any terms, provisions, or fees which by ordinance, resolution, regulation or rules of County now in existence, amended, or hereafter adopted or provided as applicable to or required in contracts with sanitary and improvement districts or in order to permit or continue the discharge of any wastewater from a sanitary and improvement district to flow into or through any part of the wastewater sewer system within the zoning jurisdiction of County.

SECTION VIII.

Developer and District covenant and agree that District shall:

A. Abide by and incorporate into all of its construction contracts the provisions required by the regulations of County pertaining to construction of public improvements in subdivisions and testing procedures therefore.
B. Except as may otherwise be agreed to by the County, all of District’s levy of special assessments shall be made in such a manner so as to assure that the entire burden of the levy is borne, on an equitable basis, by lots or parcels which are truly building sites. Developer and District certify that to the best of their knowledge all lots and parcels shown on the plat of the Development Area (Exhibit “A” hereto) are buildable sites. At County’s discretion, County may require Developer and District to prove to the satisfaction of County that a certain lot or parcel is a buildable site. Should a lot or parcel be determined by County not to be a buildable site, the cost of improvements that would otherwise have been levied against said lot or parcel shall be spread and levied against lots and parcels within the Development Area that are buildable sites.

C. Prior to commencement of the construction of improvements, District shall obtain and record all permanent easements with the Sarpy County Register of Deeds Office to include all utility, cable, sanitary, water, and storm sewer lines. Said easements shall be in form satisfactory to the County’s attorney and the County’s engineer and/or surveyor.

D. Provide to County at least thirty (30) days prior to the meeting of the Board of Trustees of District to propose the levy of special assessments, the following information:

1. A detailed schedule of the proposed special assessments and the amount of general obligation costs of any improvement or acquisition;

2. A plat of the area to be assessed; and

3. A full and detailed statement of the entire cost of each type of improvement, which statement or statements shall separately show:

   a. The amount as paid to the contractor;

   b. A separate itemization of all other costs of the project including, but not limited to, engineering fees, attorney’s fees, testing expenses, publication expenses, estimated interest on all warrants to date of levy and the estimated fiscal agent’s levy of special assessments, and estimated fiscal agent’s warrant fees and bond fees;

   c. A special itemization of all costs of District not itemized in a. or b. above;

   d. Certification by District’s engineer that the information and schedules provided to County in respect to special assessments are true and correct and that the use of funds and credit of District and proposed levies of special assessments have been made in conformity with the terms of this Subdivision Agreement;

   e. Certification by the District’s engineer of proposed assessment schedules prior to advertising for any hearing of District to be held for the purpose of equalizing
of levying special assessments against property benefited by any improvements constructed by District in compliance with state statutes; and

f. District shall not less than ten (10) days prior to the Board of Equalization hearing of District, give notice in writing to County that the Board of Equalization will be convened on that date for the consideration of the levying of special assessments and equalization and apportionment of debt;

E. Make its annual mill levy sufficient to fully comply with the Nebraska Budget Act. Such annual mill levy shall be in an amount sufficient to timely pay the indebtedness and interest thereon for public improvements.

F. Be responsible for securing all local and state permits necessary for construction, and to construct all systems in accordance with existing environmental, health, safety and welfare rules, regulations, and standards as may be in place at the time of construction.

G. If the Development Area is situated within the Future Growth and Development area of a municipality as determined under the Industrial Sewer Act (LB 1139, Laws Nebraska, 1994), then the Developer and District agree to abide, and to generally assist County in its compliance with, the terms of such Act and the Interlocal Cooperation Agreement under such act to which the County may be a party.

SECTION IX.

Developer, District, and County acknowledge that County has entered into an Interlocal Cooperation Act Agreement for the Continuation of the Papillion Creek Watershed Partnership, hereinafter “Watershed Partnership Agreement” as from time to time amended. The Watershed Partnership Agreement contains provisions applicable to the Development Area. Specifically, the Parties recognize the County’s right to collect Watershed Fees at the time of the issuance of a building permit. County shall collect said Watershed Fees in accordance with the County’s existing Watershed Fee Schedule at the time of the building permit application.

SECTION X.

County has adopted a Master Fee Schedule and an Arterial Street Improvement Program. Developer and District agree to pay all fees as required under the Master Fee Schedule and Arterial Street Improvement Program.

SECTION XI.

It is mutually agreed that District and Developer shall pay a fee to County to cover engineering, legal and other miscellaneous expenses incurred by County in connection with any necessary review of plans and specifications in connection with the construction projects
performed by District. Said fee shall be the greater of Five Thousand Dollars ($5,000.00) or one percent (1%) of the estimated public improvement construction costs (excluding electrical construction costs) at the time the proposed public improvements are to be constructed. The fee shall be allocated to special assessments and general obligation in the same proportion as costs of the particular construction project and shall be paid within 30 days of the Sarpy County Board of Commissioner’s approval of this Agreement.

SECTION XII.

District created by Developer is shown on Exhibit “A” attached hereto and incorporated herein. The improvements cited herein or depicted on the plat attached hereto are understood to be the minimum acceptable to County.

SECTION XIII.

Prior to the commencement of the construction of the improvements contemplated by this Agreement, Developer and District shall submit (1) all plans and specifications to the Sarpy County Building Inspector or designated representative for review and approval and (2) copies of all subsidiary and/or ancillary agreements with utility companies and others providing service for the public improvements contemplated by this Agreement are signed. District shall provide as built drawings on state plane coordinates for all public improvements owned and located within the Development Area to County Public Works Department. District shall provide said as-built drawings to County as both PDF and AutoCAD files no later than sixty days following acceptance of construction.

SECTION XIV.

District and Developer shall not discriminate against any parties on account of race, national origin, sex, age, political or religious affiliations, or disabilities in violation of federal, state, or local ordinances.

SECTION XV.

The Parties shall, without cost to County, conform to the requirements of the applicable County regulations and ordinances and any change in those regulations and ordinances.

SECTION XVI.

Each party agrees to provide the other Parties with as much advance notice as is reasonably possible when this Agreement calls for the approval of a Party before an action can be taken. The Parties agree to cooperate in the undertakings contemplated by this Agreement and shall share and exchange necessary reports and other documents as required and when reasonably requested by
other Parties to this Agreement. Any notice required under this Agreement shall be in writing and shall be sent by certified mail, return receipt requested, to the addresses as noted below. Any party to this Agreement may change its address for notice specified hereunder by sending written confirmation of such change by certified mail, return receipt requested, to the other Parties to this Agreement. The addresses for the purpose of notice and other communications are as follows:

For Developer: Richland Homes, LLC
11205 S. 150th Street, Suite 100
Omaha, NE 68136

For Sanitary and Improvement District: Adams & Sullivan, P.C., L.L. O.
1246 Golden Gate Drive, Suite 1
Papillion, NE 68046

For County:
County Clerk, County of Sarpy
1210 Golden Gate Dr., #1250
Papillion, NE 68046

and

Planning and Building Department, County of Sarpy
1210 Golden Gate Dr.
Papillion, NE 68046

SECTION XVII.

This Agreement shall be binding upon the Parties, their respective successors and assigns. The covenants, warranties, and other obligations of this Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective heirs, personal representatives, successors, and assigns. The Parties agree that a Party’s obligation to perform pursuant to this Agreement may only be released to the extent said obligation is assumed, by written agreement or by operation of law, by the respective heirs, personal representatives, successors, and assigns.

SECTION XVIII.

The laws of the State of Nebraska shall govern as to the interpretation, validity, and effect of this Agreement.

SECTION XIX.

This Agreement constitutes the entire agreement between the Parties hereto with respect to the subject matter hereof and supersedes all prior agreements and understandings, oral and written, between the Parties with respect to the subject matter of this Agreement. This Agreement may not
be amended, modified, or altered unless by written agreement signed by all Parties to this Agreement.

SECTION XX.

Every representation, covenant, warranty, or other obligation within this Agreement shall carry with it an obligation of good faith in its performance or enforcement.

SECTION XXI.

Developer and District represent, covenant, and warrant that the making and execution of this Agreement, and all other documents and instruments required hereunder, have been duly authorized by the necessary corporate action of Developer and have been duly approved and authorized by the Board of Trustees of District, and are valid, binding, and enforceable obligations of Developer and District in accordance with their respective terms.

SECTION XXII.

This Agreement may be recorded at the option of any party hereto at the expense of the recording party.

IN WITNESS WHEREOF, we, the contracting Parties, by our respective duly authorized agents, hereby enter into this Agreement, effective on the day and year affixed hereon. Executed in triplicate on the dates indicated with the signatures below.
