SARPY COUNTY EMERGENCY DECLARATION

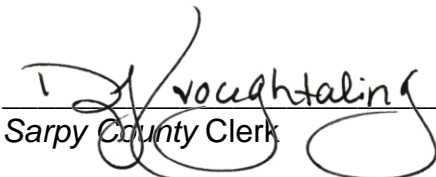

On March 11, 2020, the World Health Organization declared the coronavirus outbreak (COVID-19) as a global pandemic and, since then, the County has: (a) received guidance, recommendations and advice as to the capability of viral spread and clinical characteristics of this virus from local, state and national health care professionals, departments and organizations; (b) become aware of virus-related events that have occurred in Sarpy County, Nebraska; (c) been involved in or made aware of the numerous curtailing or cancellation of events at local, state and national levels; and (d) been made aware of the Emergency Proclamation of the Governor of the State of Nebraska, effective March 6, 2020, and the National Emergency Declaration issued by the President of the United States on March 11, 2020. Further, the President's emergency declaration allows for costs incurred under Category B (Emergency Protective Measures) of the Public Assistance Program in further aid to the public safety and provision of emergency protective measures.

Therefore, under FEMA Category B, Emergency Protective Measures, the Chair of the Sarpy County Board of Commissioners has declared a state of emergency authorized under Nebraska State Statute R.R.S. 81-829.50 on behalf of Sarpy County, and will execute for and on behalf of Sarpy County, the expenditure of emergency funds from all available sources, the invoking of mutual aid agreements, and the applying to the State of Nebraska for assistance from the Governor's Emergency Fund and any other resources he deems necessary in the fulfillment of his duties.
