LIMITED ENGLISH PROFICIENCY (LEP) PLAN
FOR SARPY COUNTY, NEBRASKA

JANUARY 2012
I. **Purpose and Authority**
The purpose of this Limited English Proficiency (LEP) policy is to clarify the responsibilities of Sarpy County departments receiving federal financial assistance and to assist them in fulfilling their responsibilities to LEP persons, pursuant to Title VI of the Civil Rights Act of 1964 and implementing regulations. This policy was prepared in accordance with Title VI of the Civil Rights Act of 1964; 42 U.S.C. §2000d *et seq.*, and its implementing regulations (prohibiting national origin discrimination by recipient of federal financial assistance). This plan also serves to show Sarpy County's commitment to ensure meaningful access to all Sarpy County programs by persons with limited English proficiency.

II. **General Policy Statement**
It is the policy of Sarpy County to provide timely meaningful access for LEP persons to all Sarpy County programs and activities. All personnel shall provide free language assistance services to LEP individuals whom they encounter or whenever an LEP person requests language services. All personnel will inform members of the public that language assistance services are available free of charge to LEP persons and that the department will provide these services to them.

III. **Plan Summary**
Definition of LEP persons: individuals who do not speak English as their primary language and who have a limited ability to read, write, speak or understand English.

Sarpy County has developed this Plan to help identify reasonable steps to ensure LEP persons meaningful access to Sarpy County programs. This plan details procedures on how to identify a person who may need language assistance, the ways in which assistance may be provided, training staff, how to notify LEP persons that assistance is available, and information for future plan updates.

To decide what reasonable steps Sarpy County departments should take to ensure meaningful access for LEP persons, Sarpy County considers the following:
1. The number or proportion of LEP persons eligible to be served or likely encountered by the Sarpy County program, activity or service;
2. The frequency with which LEP individuals come in contact with the Sarpy County program, activity or service;
3. The nature and importance of the program, activity or service provided by the County;
4. The resources available to Sarpy County and overall costs.

A brief description of the above considerations is provided in the following section.

IV. **Four Factors**
1. Number or proportion of LEP persons eligible to be served or likely encountered by the Sarpy County program, activity or service.

   Sarpy County and Sarpy County departments will use various methods to identify LEP persons with whom they have contact. These may include:
   - Current and past experiences with LEP persons encountered by the department's staff: The number and type of such encounters will be periodically analyzed to determine the breadth and scope of the language services required.
   - Most recent U.S. Census Bureau data: Sarpy County and Sarpy County departments shall analyze data from the most recent U.S. Census Bureau data, regarding languages spoken in Sarpy County as well as those who self-identified that they spoke English less than "very well".
Sarpy County has examined the U.S. Census Bureau's 2010 American Community Survey data for Sarpy County, Nebraska, and was able to make the following approximations:

- 7.68% of the Sarpy County population age 5 and older speaks a language other than English at home. 6.4% of the population age 5 and older reported that they do not speak English very well.
- People speaking Spanish at home comprised the largest language group speaking a language other than English at home. 3.76% of the population age 5 and older speak Spanish at home. Of those, 35.1% reported they do not speak English very well.
- 1.24% of the Sarpy County population 5 and older speaks Other Indo-European languages at home. There is no US Census data available yet for those in this category who reported they do not speak English very well.
- 0.48% of the population 5 and older speaks an unspecified or other language at home. There is no US Census data available yet for those in this category who reported they do not speak English very well.

2. Frequency with which LEP individuals come in contact with the Sarpy County program, activity or service.
   In addition to research conducted to identify LEP persons in Sarpy County, Sarpy County departments shall also annually compile information regarding the frequency of contact with LEP persons. The more frequent the contact and or the number of requests for other languages other than English, the more likely that language services for a specific language will be needed. Actions taken for a department that serves a LEP person one time or occasionally will be different from those that serve LEP persons every day. Sarpy County departments will assesses the frequency at which staff has or could possibly have contact with LEP persons. This includes documenting phone inquires and in person inquires for LEP assistance or materials, requests for language interpreters or translated material, and may include surveying public meeting attendees.

3. Nature and importance of the program, activity or service provided by the County.
   Sarpy County recognizes that within the range of programs and services it provides, the nature of some programs and services may be more important to LEP persons than others. It is Sarpy County's intent to provide meaningful access to all participants and eligible persons; however, the availability of resources may limit the provision of language services in some instances and in some departments.

4. The resources available to Sarpy County and overall costs.
   Sarpy County departments shall assess their available resources that could be used for providing LEP assistance. This shall include identifying what staff and volunteer language interpreters are readily available; how much a professional interpreter and translation service would cost; which documents should be translated; which organizations the department could partner with for interpreter and translation services or outreach efforts; which financial resources could be used to provide assistance; and what level of staff training is needed.

   After analyzing the four factors, Sarpy County developed the LEP Plan outlined in the following section for assisting LEP persons.

V. How To Identify An LEP Person Who Needs Language Assistance
   Below are tools that may be used by Sarpy County departments to help identity persons who may need language assistance:
• When records are normally kept of past interactions with members of the public, the language of an LEP person may be included as part of the record.
• Have language identification cards or Census Bureau "I speak cards" at customer service counters in Sarpy County departments which invite LEP persons to identify their language needs to staff. While staff may not be able to provide translation assistance at the initial contact with an LEP person, the cards are an excellent tool to identify language needs for future contacts.
• Posting notices in commonly encountered languages notifying LEP persons of language assistance to encourage LEP to self-identify.

VI. Language Assistance Measures
When an interpreter is needed, in person or on the telephone, staff should first determine what language is required. Staff may be able to assist with written communications from LEP persons. If staff cannot, private interpreter services can provide translation services for a fee.

Use of informal interpreters, such as family or friends of the LEP person seeking service, or other customers, is discouraged, with minor children generally prohibited from acting as interpreters. The use of informal interpreters shall be allowed at the insistence of the LEP person or in emergencies, but shall be documented and subject to approval of a supervisor.

No staff may suggest or require an LEP person provide an interpreter in order to receive services.

VII. Staff Training
All staff will be provided with the LEP Plan and will be educated on procedures and services available. LEP Plan information will also be a part of the staff orientation process for new employees. Training topics may include the following:
• Sarpy County LEP policy and procedures;
• Understanding Title VI LEP responsibilities;
• What language assistance services Sarpy County offers;
• Use of LEP language identification cards or "I speak cards";
• How to use interpretation and translation services and which services are available;
• Documentation of language assistance requests; and
• How to handle a complaint

VIII. Providing Notice of Available Language Services to LEP Persons
• Posting signs that language assistance is available in public areas such as intake areas, customer service areas and other entry points to Sarpy County departments.
• Statements may be placed in outreach documents indicating that language services are available from Sarpy County. Such statements could be placed in announcements, brochures, booklets, fliers, notices, advertisements, agendas or recruitment information.
• If a Sarpy County department is presenting a topic that could be of potential importance to an LEP person or if a Sarpy County department is hosting a meeting or a workshop in a geographic location with a known concentration of LEP person, the department may have notices, fliers, advertisements, and agendas printed in an alternative language or provide notices on non-English language radio stations or media outlets about the available language assistance services and how to get them.

IX. Monitoring and Updating the LEP Plan
Sarpy County and Sarpy County departments will reevaluate the LEP Plan on a regular basis. Consideration shall be given to changes in demographics, types of services, or other needs when
determining the frequency of LEP Plan reevaluation. Each reevaluation should examine all Plan components and assesses the following:

- How many LEP persons were encountered and what languages?
- Were their needs met?
- What is the current LEP population in Sarpy County?
- Has there been a change in the types of languages where translation services are needed?
- Is there still a need for continued language assistance for previously identified Sarpy County programs? Are there other programs that should be included?
- Has Sarpy County's or a specific Sarpy County department's available resources, technology, staff, and financial costs changed?
- Has Sarpy County or a specific department fulfilled the goals of the LEP Plan?
- Were complaints received?
- Are identified sources of assistance still available and viable?

X. **Dissemination of the Sarpy County Limited English Proficiency Plan**

Sarpy County will post the LEP Plan on its website at www.Sarpy.com. Copies of the LEP Plan will be provided to any person or agency requesting a copy. Any questions or comments regarding this LEP Plan should be directed to the Sarpy County Title VI Coordinator.

XI. **Complaints**

Title VI of the Civil Rights Act of 1964 as amended prohibits discrimination on the basis of race, color, or national origin under any program or activity that receives federal financial assistance. As a recipient of federal financial assistance, Sarpy County, Nebraska has in place a Title VI complaint procedure.

1. Any person who believes that he or she, individually, as a member of any specific class, has been subjected to discrimination prohibited by Title VI of the Civil Rights Act of 1964, the American with Disabilities Act of 1990, Section 504 of the Vocational Rehabilitation Act of 1973 and the Civil Rights Restoration Act of 1987, as amended, may file a complaint with Sarpy County. A complaint may also be filed by a representative on behalf of such a person. All Title VI complaints will be referred to Sarpy County's Title VI Coordinator for review and action.

2. In order to have the Title VI complaint consideration under this procedure, the complainant must file the complaint no later than 180 days after:
   a) The date of the alleged act of discrimination; or
   b) If there has been a continuing course of conduct the date on the conduct discontinued.
   In either case the Sarpy County Title VI Coordinator or his/her designee may extend the time for filing or waive the time limit in the interest of justice specifying in writing the reason.

3. Title VI complaints shall be in writing and shall be signed by the complainant and/or the complainant's representative. Complaints shall set forth, as fully as possible, the facts and circumstances surrounding the claimed discrimination. In the event that a person makes a verbal complaint of discrimination to an officer or employee of Sarpy County, the person shall be interviewed by the Title VI Coordinator. If necessary, the Title VI Coordinator will assist the person making a complaint in reducing the complaint to writing and submit the written version of the complaint to the person for signature. The complaint shall then be handled according to Sarpy County's investigative procedures.

4. Within 10 days, the Title VI Coordinator will acknowledge receipt of the allegation, inform the complainant of procedures to be followed, and advise him/her of other avenues of redress available.

5. Within 60 days, the Title VI Coordinator will conduct an investigation of the allegation and based on the information obtained, will render a recommendation for action in a report of findings to Sarpy County's governing body. The complaint should be resolved by informal means whenever possible. Such informal attempts and their results will be summarized in the report of findings.

RE: Resolution adopting the Sarpy County American with Disabilities Act/Section 504 of the Rehabilitation Act of 1973 Plan ("ADA"), Title VI Plan, and Limited English Proficiency Plan ("LEP")

Every agency receiving federal aid road funds is required by the Federal Highway Administration (FHWA) and Nebraska Department of Roads (NDOR) to have an ADA, Title VI, and LEP plan adopted and on file. Staff members from Administration, Fiscal, Public Works, County Attorney, and Human Resources Departments have worked over the past year to develop these three plans. We relied on sample plans provided by the NDOR along with plans adopted by Douglas and Lancaster County to develop Sarpy’s policy.

1. **ADA Plan**: County’s statement that it will not discriminate against people with disabilities in compliance with Section 504 of the 1973 Rehabilitation Act and 1990 Americans with Disabilities Act. We are also required to complete a “Self-Evaluation” and “Transition Plan” which we intend to complete by the end of 2012.

2. **Title VI Plan**: County’s statement that it will not discriminate against any person based on race, color, national origin, age, disability/handicap or sex in compliance with Title VI of the Civil Rights Act of 1964 and Civil Rights Restoration Act of 1987.

3. **LEP Plan**: County’s plan for fulfilling its responsibilities under Title VI of the Civil Rights Act of 1964 to assist and engage “limited English proficiency” persons.

Karen Buche, Human Resource Director, will serve as the Title VI and ADA Coordinator as outlined in the plans and will be responsible for implementation, education, reporting, updating and handling complaints as outlined in the plans.

Please feel free to contact me if you have any questions. Thank you.
