Re: Jail Remodel – Restroom & Gym Renovations

On May 19, 2016, two (2) bids were opened for the Jail Remodel Project – Restroom & Gym Renovations. After reviewing the bids, it is recommended the bid be awarded to REF Construction for $208,545.60 including the option for masonry cutting and patching, as needed for $225.00. The architect’s estimate for the project was $225,000 and the Sheriff’s Office budgeted $228,260.

Facilities Management has worked with REF Construction on smaller projects at Werner Park and all had positive results. The architect and construction manager, Carlson West Povondra, has also worked with REF Construction on similar sized projects. Jail staff has met with REF and they feel comfortable with their ability to complete the work.

Please feel free to contact me with any questions.

Subject: Sarpy County Jail - Restroom and Gym Renovations

Facilities Management recommends awarding the Jail Restroom and Gym Renovations Project to REF Construction for the Base Bid Lump Sum amount of $208,545. The bid also includes a $225 unit price for Masonry Cutting and Patching at bathroom fixture replacement areas.

REF Construction is well suited for this type of project, their sub-contractors have performed successfully on previous projects with Sarpy County and the bid is less than the engineer's most recent cost opinion.

§ 5.1 Progress Payments

§ 5.1.1 Based upon Applications for Payment submitted to the Architect by the Contractor and Certificates for Payment issued by the Architect, the Owner shall make progress payments on account of the Contract Sum to the Contractor as provided below and elsewhere in the Contract Documents.

§ 5.1.2 The period covered by each Application for Payment shall be one calendar month ending on the last day of the month, or as follows:

§ 5.1.3 Provided that an Application for Payment is received by the Architect not later than the First day of a month, the Owner shall make payment of the certified amount to the Contractor not later than the Last day of the same month. (Federal, state or local laws may require payment within a certain period of time.)

§ 5.1.4 Each Application for Payment shall be based on the most recent schedule of values submitted by the Contractor in accordance with the Contract Documents. 3. Subtract the aggregate of previous payments made by the Owner; and

4. Subtract amounts, if any, for which the Architect has withheld or nullified a Certificate for Payment as provided in Section 9.5 of AIA Document A201-2007.

§ 5.1.7 The progress payment amount determined in accordance with Section 5.1.6 shall be further modified under the following circumstances:

1. Add, upon Substantial Completion of the Work, a sum sufficient to increase the total payments to the full amount of the Contract Sum, less such amounts as the Architect shall determine for incomplete Work, retainage applicable to such work and unsettled claims; and

2. Add, if final completion of the Work is thereafter materially delayed through no fault of the Contractor, any additional amounts payable in accordance with Section 9.10.3 of AIA Document A201-2007.

§ 5.1.8 Reduction or limitation of retainage, if any, shall be as follows:

(If it is intended, prior to Substantial Completion of the entire Work, to reduce or limit the retainage resulting from the percentages inserted in Sections 5.1.6.1 and 5.1.6.2 above, and this is not explained elsewhere in the Contract Documents, insert here provisions for such reduction or limitation.)
