WHEREAS, Section 13-519 (1)(a), RRS 2012 provides that no governmental unit shall adopt a budget containing a total of budgeted restricted funds more than the last prior year’s total of budgeted restricted funds, plus the basic allowable growth percentage or the base limitation established under Section 77-3446; and,

WHEREAS, Section 13-519 (2) RRS 2012 provides that a governmental unit may exceed the limit provided in Section 13-519 (1)(b) for a fiscal year by up to an additional one percent upon the affirmative vote of at least seventy-five percent (75%) of the governing body; and,

Re: Resolution to Authorize an Additional One Percent (1%) in Budgeted Restricted Funds

Sarpy County’s annual budget must comply with a lid on restricted funds. Restricted funds are generally property taxes, state aide and certain fees. On an annual basis, our restricted funds may not increase by more than 2.5 percent or the percentage of growth (the valuation increase from new construction) whichever is larger. However, the County Board may increase the restricted funds by one additional percent if they pass a resolution with a super majority vote. The attached Resolution would authorize the additional 1% increase in restricted funds.

The amount of carry-over authority varies from year to year. It is prudent to approve the additional 1% increase in restricted funds now in anticipation of future needs.
