BOARD OF COUNTY COMMISSIONERS
SARPY COUNTY, NEBRASKA

RESOLUTION EXTENDING AGREEMENT WITH MOTOROLA FOR EQUIPMENT MAINTENANCE AND SUPPORT FOR LRMS, PREMIERMDC AND FRMS FOR THE SARPY COUNTY COMMUNICATIONS DEPARTMENT

WHEREAS, pursuant to Neb. Rev. Stat. §23-104(6), the County has the power to do all acts in relation to the concerns of the county necessary to the exercise of its corporate powers; and,

WHEREAS, pursuant to Neb. Rev. Stat. §23-103, the powers of the County as a body are exercised by the County Board; and,

WHEREAS, an agreement has been proposed by Motorola Solutions, Inc. (“Motorola”) to extend the existing agreement for a period of October 1, 2016 through September 30, 2017 for maintenance and support for LRMS, PremierMDC and FRMS for the County’s Communications Department; and,

WHEREAS, the proposed agreement to extend the maintenance and support is in the best interests of the citizens of Sarpy County.

NOW, THEREFORE, BE IT RESOLVED BY THE SARPY COUNTY BOARD OF COMMISSIONERS THAT this Board hereby approves the maintenance and support agreement with Motorola, a copy of which is attached hereto, and any other related documents, the same being approved by the Board.

BE IT FURTHER RESOLVED the Chairman of this Board together with the County Clerk are hereby authorized to execute on behalf of this Board, the maintenance and support agreement with Motorola, a copy of which is attached hereto, and any other related documents, the same being approved by the Board.

The above and foregoing Resolution was duly approved by a vote of the Sarpy County Board of Commissioners at a public meeting duly held in accordance with applicable law on the 20th day of September, 2016.

Chairman, Sarpy County Board

Sarpy County Clerk

ATTEST:
MEMO

To: Sarpy County Board of Commissioners

From: Beth Garber

Re: Motorola Maintenance & Support Agreement

The attached maintenance and support agreement with Motorola is an annual renewal of an agreement that has been in place for several years. The agreement covers the maintenance of products used by various public safety agencies in Sarpy County. The products include: Law Record Management System (LRMS), Premier Mobile Data Computer (PremierMDC) and Fire Record Management System (FRMS). The annual fee for supporting these products is $78,090. Last year the total fee was $74,893.00.

RE: Extension to Maintenance and Support Agreement: 146
Product: LRMS, PremierMDC™, and FRMS

Dear Mr. Prince:

By means of this letter, Motorola Solutions, Inc. hereby extends Sarpy County Communications’ maintenance and support agreement as referenced above. Enclosed is one (1) copy of the updated Exhibit A Covered Products, Support Options and Pricing, Exhibit B Customer Support Plan, and Exhibit C Labor Rates for the period October 1, 2016 through September 30, 2017. Pursuant to Section 3.2 of the original agreement as referenced above, all terms and conditions shall remain in full force and effect.

Please indicate acceptance of this extension by signing the acceptance block below and returning one copy to my attention by e-mailing it to christine.lay@motorolasolutions.com on or before October 1, 2016. Failure to return this fully executed letter on or before October 1, 2016 will result in a lapse in maintenance, which will be subject to a 10% recertification and reimplementation fee.

If you have any questions or need further clarification, please contact me directly at (626) 416-6726 or by e-mailing me.

Sincerely,

Christine Lay

Exhibit B

CUSTOMER SUPPORT PLAN

Introduction
Welcome to Motorola Customer Support. We appreciate your business and look forward to serving your needs on your Public Safety Applications (PSA) system.

The Customer Support Plan is designed to provide Motorola customers the details necessary for understanding Motorola overall support processes and policies as a compliment to the Motorola Maintenance and Support Agreement.

The Motorola Maintenance and Support Agreement is the legal and binding contractual terms for which services are provided under. Questions or concerns regarding your support plan can be directed to your Support Manager.

Below are the topics outlined in this Customer Support Plan:

I. Service Offerings
II. Accessing Customer Support
III. Severity Levels and Case Management
IV. Responsibilities
V. Customer Call Flow
VI. Contacts

I. Service Offerings
Motorola Customer Support organization includes a staff of Support Analysts who are managed by Motorola Customer Support Managers and are chartered with the direct front-line support of Motorola Customers. A Support Analyst is a system technologist responsible for providing direct or escalation support. A Support Analyst is sometimes referred to as a Customer Support Analyst ("CSA") or Technical Support Analyst ("TSA") or Technical Support Representative.

Motorola Support Organization offers a multi-layered approach to a total service solution. Levels of support are defined as follows:

<table>
<thead>
<tr>
<th>Service Levels</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Level 0</td>
<td>Logging, dispatching and tracking service requests</td>
</tr>
<tr>
<td>Level 1</td>
<td>Selected 1st call support, triage and resolution</td>
</tr>
<tr>
<td>Level 2</td>
<td>Telephone and/or on-site support for normal technical requirements</td>
</tr>
<tr>
<td>Level 3</td>
<td>High-level technical support prior to Engineering escalation</td>
</tr>
<tr>
<td>Level 4</td>
<td>Engineering software code fixes and changes</td>
</tr>
</tbody>
</table>
Motorola provides to customers on an active Maintenance and Support Agreement defined services and Software Releases. Specific support definitions, offerings and customer responsibilities are detailed in Section 3 of the main body of the Maintenance and Support Agreement.

II. Accessing Customer Support

The Motorola Solutions System Support Center Operations

Motorola Public Safety Applications Technical Support personnel in cooperation with Motorola System Support Center ("SSC") provide the gateway to technical support for all of Motorola Public Safety Application systems. Accessing support through Motorola toll free 800 number, web ticketing or email ticketing ensures accurate case handling and tracking. The goal of the Support team and SSC is to make certain systems are restored and running at peak levels as quickly as possible. This is accomplished by obtaining accurate customer and problem details and by directing requests to the right support team in a timely manner.

The System Support Center offers total call management including:

- Single point of contact for Motorola service requests
- Logging, dispatching and tracking of service requests
- System capabilities to identify pending cases and automatically escalate to management
- Database and customer profile management
- Standard reports with on-demand distribution
- Case notification

Motorola System Support Center operates 24 hours a day, 7 days a week, 365 days a year. That means you can call us anytime. Support Center personnel enter requests for service, technical assistance, or telephone messages into a database system. Every time you call us, we log information about your request into the tracking system so that the information is available for reference and analysis to better serve your future service needs. Another benefit of logging every service request is that Motorola and customers can track the progress from initial contact to final resolution.

There are three options for accessing Support at Motorola:

1. Motorola System Support Center Toll Free Number
2. eCase Management through Motorola Online
3. Email Case Ticketing

Option 1 - Call Motorola Solutions System Support Center

Upon contact with the SSC personnel, you will provide the name and phone number for Customer contact and your agency and product specific Site Identification Number. Providing a brief problem description will assist in defining the severity level and determine proper case routing to the appropriate Motorola Technical Support Team Member. A unique tracking number will be provided to your agency for future reference.
Generally customers calling the toll-free 800 number will access Public Safety Applications technical support directly. For heavy call times or after hours the caller will be directed to Motorola System Support Call Center Operations. Once the logging process is complete customers are transferred directly to a Technical Support Analyst 24/7/365.

Motorola Call Flow

Technical Staff Call Flow

Technical Support

The Support Analyst works the issue making updates to the Clarify case.

Is the issue escalated to an SR in Clearquest?

Yes → The Support Analyst logs the SR.

An auto notification is sent to the customer with an update.

No → An Engineer works the SR and makes updates to the Clarify case.

An auto notification is sent to the customer with an update.

Support technician closes the Clarify case.

An auto notification is sent to the customer with resolution information.

End customer process.

The Engineer works the SR to resolution.

Support technician closes the Clarify case after FRB and CrashTrack process.
How to Obtain Technical Support for Products

<table>
<thead>
<tr>
<th>Action / Response</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Step 1. Call the Motorola Solutions System Support Center 1-800-323-9949</strong></td>
</tr>
<tr>
<td><strong>Step 2. Select option 2 (Technical Support)</strong></td>
</tr>
<tr>
<td><strong>Step 3. Select option 6 (Public Safety Applications)</strong></td>
</tr>
<tr>
<td><strong>Step 4. Select product specific option</strong></td>
</tr>
<tr>
<td><strong>Step 5. Provide Site Identification Number (See Covered Products Exhibit for your agency’s Site Identification Numbers)</strong></td>
</tr>
</tbody>
</table>

**Step 6. Provide Your Information**
- Caller Name
- Contact Phone Number
- Description of problem
- Severity of system problem determined at time of call
- Time available for call back
- Email address

**Step 7. Case Number Generated**
- Caller will receive a Case number for tracking the service request.

**Check Status**
- The caller may check the status of a Case at any time by calling the System Support Center at 1-800-323-9949 and following steps 2-4 above and providing the case number.

**Case Assignment**
- The Customer Support Representative will determine a course of action and assign the Case to the appropriate group.

**Standard Response Time**
- **RESPONSE** See Section III for Severity Level definitions
  - Severity 1: 1 hour
  - Severity 2: 3 business hours
  - Severity 3: 6 business hours
  - Severity 4: 2 business days

**Step 8. Notification of CASE All Activity**
- Case Notifications are available for up to 4 persons.
- Notifications are sent via pager or email when any of the following events occur on a Case: Open, Assigned, Site Arrival, Deferred or Closure.
- To request case notifications, please contact your Support Manager.

**Notification of CASE Open/Close Activity**
- Case Notifications are available for up to 4 persons.
- Notifications are sent via pager or email when any of the following events occur on a Case: Open or Closure.
- To request case notifications, please contact your Support Manager.
Option 2 - Submit a ticket via eCase Management from Motorola On-Line

Motorola Online eCase Management provides a fast, intuitive, and efficient interface for Technical Case Management that allows customers to open, update, and view the status of their cases on the web.

### Setting Up a Motorola Solutions Online Account

To set up a Motorola Solutions On-Line account, please visit https://businessonline.motorolasolutions.com and follow the directions on the link for "Sign Up Now.

A User ID and Password are not required for setting up your account. After accessing the link above, indicate in the "Additional Information" field you are a Public Safety customer seeking access to eCase Management. Once you submit your request, you will receive a confirmation email indicating receipt and including additional details about the Motorola Solutions Online account setup. In approximately 4-5 business days an additional email will be sent which includes details about your Online account.

### Accessing the Technical Case Management web site

Once you have set up your agency's Motorola On-Line Account, to access the site simply log onto Motorola at businessonline.motorolasolutions.com with your user ID and password, click on the Contact Us → Open Case, and select System Support Issue from the Issue Type drop-down.

### Primary Features of Online Technical Case Management

Motorola customers have three main functions available through Motorola Online to manage their cases:

- **A. Open new cases**
- **B. Search for existing cases and view details of the existing case**
- **C. Update existing cases by adding notes**

#### A. Open a New Case

1. Log into Motorola Solutions Online
2. Click on the "Case Mgmt" → Open Case

8. eCase Management will give immediate confirmation of case number (new case numbers are 8 digits long). Note: The confirmation screen includes "expand all" and "collapse all" buttons for case notes.

B. Search for an Existing Case

1. Log into Motorola Online
2. Click on the "Case Mgmt" > Search Case
3. Enter the exact case number or enter search criteria to find a range of tickets
4. Click "Go To" or "Search"
C. Update an Existing Case

1. You can also add notes after submitting your case, by clicking on the "Add Notes" button.

Motorola Solutions On-Line Support

1. Motorola does not recommend using this tool for opening Severity 1 or 2 cases. For any critical issues, customers should contact the System Support Center by calling 800-323-9949 and following the appropriate prompts.
2. The same guidelines would apply to updating cases with critical information. Any critical updates should be reported directly to Support at 800-323-9949.
3. When updating case notes, please provide contact information, which includes phone number, email, etc.
4. For questions on Motorola Online eCase Management or Support, please contact the Motorola Online Helpdesk at 800-814-0601.

**Option 3 - Submit a ticket via Email Case Management**

An alternative Customer Support tool is available for PSA customers. Along with the toll-free phone number and Motorola Online, customers can request technical support by email. For many customers who use their PDA as a means to open cases, email ticketing provides additional flexibility for initiating cases.

To ensure proper case management and contractual response, email ticketing is only available for severity levels three and four. In order to properly process a ticket via email, the message must be formatted exactly as described below:

1. Address your email to **PSACASE@motorolasolutions.com**
2. Type **PSA Service Request** and a brief description of the system issue in the Subject line of the email message. This will become the case title
3. Type **Site ID =** followed by the site identification number of the system location
4. Type **Product Type =** followed by the product family type. Choose from the following list:
   - CAD (OR FRIENDS OF CAD, such as AWW, ATM, AVL and UDT)
   - CSR (CUSTOMER SERVICE REQUEST)
   - INFOtrak, LRMS
   - JAIL MANAGEMENT (OFFENDERTRAK)
   - MOBILE APPLICATIONS (PMDC, AMMOBILE, TXMESSENGER)
   - NetRMS
5. Type **Contact First Name =** followed by your first name or the name of the person you would like support personnel to contact
6. Type **Contact Last Name =** followed by your last name or the name of the person you would like support personnel to contact.
7. Type **Phone Number =** followed by the area code and phone number where the contact person may be reached
8. Type **Severity Level =** followed by either severity level 3 or 4. All severity level one or two cases must be opened via the toll-free PSA customer support number
9. Type **Problem Description =** followed by a comprehensive description of the problem
10. Send the message to us. You will receive an email with your case number for future reference.

If an email response is not received, or if you need to open a severity level one or two case, please contact the PSA Customer Support at 1 800-323-9949 for further assistance.

**SAMPLE Email Ticket Formatting:**

```
To: PSACASE

Subject: PSA Service Request: NetRMS Reports Not functioning

Site ID number: PSA1234 (NetRMS)
Product type: NetRMS (specific product such as LRMS, NetRMS, PremierMDC, etc.)
Contact first name: John
Contact last name: Doe
Phone number: 303-123-4567
Severity level: Level 3 (Email ticketing is available for severity levels three and four only)
Problem description: NetRMS does not allow for the creation of manual-case reports which is affecting the generation of daily reports (Include a comprehensive description of the problem)
```
### III. Severity Levels and Case Management

Motorola services and response times are based on the severity levels of the error a customer is experiencing as defined below. This method of response allows Motorola to prioritize its resources for availability on our customer's more severe service needs. Severity level response time defines the actions that will be taken by Motorola Support and Engineering teams. Due to the urgency involved in some service cases, Motorola will make every reasonable effort to provide a temporary or work around solution (On Demand). When a permanent solution is developed and certified through testing, it will be incorporated into the applicable On Demand, Cumulative Update, Supplemental, or Standard Release.

<table>
<thead>
<tr>
<th>SEVERITY LEVEL</th>
<th>DEFINITION</th>
<th>RESPONSE TIME</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td><strong>Total System Failure</strong> - occurs when the System is not functioning and there is no workaround; such as a Central Server is down or when the workflow of an entire agency is not functioning. This level is meant to represent a major issue that results in an unusable System, Subsystem, Product, or critical features. No workaround or immediate solution is available.</td>
<td>Telephone conference within 1 Hour of initial voice notification</td>
</tr>
<tr>
<td>2</td>
<td><strong>Critical Failure</strong> - Critical process failure occurs when a crucial element in the System that does not prohibit continuance of basic operations is not functioning and there is usually no suitable workaround. Note that this may not be applicable to intermittent problems. This level is meant to represent a moderate issue that limits a Customer's normal use of the System, Subsystem, Product or major non-critical features.</td>
<td>Telephone conference within 3 Business Hours of initial voice notification during normal business hours</td>
</tr>
<tr>
<td>3</td>
<td><strong>Non-Critical Failure</strong> - Non-Critical part or component failure occurs when a System component is not functioning, but the System is still usable for its intended purpose, or there is a reasonable workaround. This level is meant to represent a minor issue that does not preclude use of the System, Subsystem, Product, or critical features.</td>
<td>Telephone conference within 6 Business Hours of initial notification during normal business hours</td>
</tr>
<tr>
<td>4</td>
<td><strong>Inconvenience</strong> - An inconvenience occurs when System causes a minor disruption in the way tasks are performed but does not stop workflow. This level is meant to represent very minor issues, such as cosmetic issues, documentation errors, general usage questions, and product or System Update requests.</td>
<td>Telephone conference within 2 Standard Business Days of initial notification</td>
</tr>
</tbody>
</table>

Incoming cases are automatically assigned an initial Severity Level of 3, unless otherwise indicated or determined at the time the case is logged. When escalation is required, Motorola adheres to strict policy dictated by the level of problem severity.
Severity Level One Escalation

Once an issue is escalated to Engineering, the following table is used as an Engineering resolution guideline for standard product problems.

### Escalation Policy - Severity Level 1

<table>
<thead>
<tr>
<th>CRITICAL ACTION</th>
<th>RESPONSIBILITY</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 Hours</td>
<td>Initial service request is placed. Support Analyst begins working on problem and verifies / determines severity level. Support Analyst</td>
</tr>
<tr>
<td>2 Hours</td>
<td>If a resolution is not identified within this timeframe, SA escalates to the Customer Support Manager who assigns additional resources. Email notification to Director of Customer Support Manager and Director of System Integration.</td>
</tr>
<tr>
<td>4 Hours</td>
<td>If a resolution is not identified within this timeframe, Customer Support Manager escalates to the Director of Customer Support Manager and Director of System Integration to assign additional resources. Email notification to Vice President of System Integration and Vice President Customer Support.</td>
</tr>
<tr>
<td>8 Hours</td>
<td>If a resolution is not identified within this timeframe, Director of Customer Support escalates to Vice President of System Integration, Vice President of Support, and Account Team.</td>
</tr>
<tr>
<td>12 Hours</td>
<td>If a resolution is not identified within this timeframe, Director of Customer Support escalates to Vice President of System Integration, Vice President of Support, and Account Team. Senior Management and Operations Director. VP of Customer Support and Engineering.</td>
</tr>
</tbody>
</table>

All Severity Level 1 problems will be transferred or dispatched immediately to the assigned Motorola technical support representative, to include notification to Motorola management 24x7. All other severity level problems logged after business hours will be dispatched the next business morning.

3.1 **Reporting a Problem**: Customer will assign an initial Severity Level for each error reported, either verbally or in writing, based upon the definitions listed above. Because of the urgency involved, Severity Level 1 or 2 problems must be reported verbally to the Motorola call incoming center. Motorola will notify the Customer if Motorola makes any changes in Severity Level (up or down) of any Customer-reported problem.

3.2 Motorola will use best efforts to provide Customer with a resolution for Severity 1 and Severity 2 issues within a reasonable time and in accordance with the assigned Severity Level when Customer allows timely access to the System and Motorola diagnostics indicate that a Residual Error is present in the Software. Should Customer report an error that Motorola cannot reproduce, Motorola may enable a detailed error capture/logging process to monitor the System. If Motorola is unable to correct the reported Residual Error within a reasonable time, Motorola will escalate its procedure and assign such personnel or designee to correct such Residual Error promptly. Should Motorola, in its sole discretion, determine that such Residual Error is not present in its Release, Motorola will verify: (a) the Software operates in conformity to the System Specifications, (b) the Software is being used in a manner for which it was intended or designed, and (c) the Software is used only with approved hardware or software.

3.3 **Error Correction Status Report**: Motorola will provide verbal status reports on Severity Level 1 and 2 Residual Errors. Written status reports on outstanding Residual Errors will be provided to System Administrator on a monthly basis.
IV. Key Responsibilities

4.1 Motorola Responsibilities

4.1.1 Support on Motorola Software. Motorola will provide any required software fixes in the form of either a "patch" or in an On Demand, Cumulative Update, Supplemental or Standard Release.

4.1.2 Motorola Response. Motorola will provide telephone and on-site response to Central Site, defined as the Customer's primary data processing facility, and Remote Site, defined as any site outside the Central Site, as shown in the Covered Products, Support Options and Pricing Exhibit.

4.1.3 Remote Installation. At Customer's request, Motorola will provide remote installation advice or assistance for Updates.

4.1.4 Software Release Compatibility. At Customer's request, Motorola will provide: (a) current list of compatible hardware operating system releases, if applicable; and (b) a list of Motorola Software Cumulative Updates, Supplemental, or Standard Releases.

4.1.5 Customer Notifications. Motorola will provide access to (a) Field Changes; (b) Customer Alert Bulletins; and (c) Hardware and Firmware Updates, as released and if applicable.

4.1.6 On-Site Software Correction. Unless otherwise stated herein, all suspected Residual Errors will be investigated and corrected from Motorola facilities. Motorola will decide whether on-site correction of any Residual Error is required and will take appropriate action.

4.1.7 On-site Product Technical Support Services. Motorola will furnish labor and parts required due to normal wear to restore the Equipment to good operating condition. Customer will provide on-site hardware service or is responsible for purchasing on-going maintenance for Third Party on-site hardware support.

4.1.8 Principal Period of Maintenance. At Customer's request, Motorola will provide continuous effort to report a problem beyond the PPM per the customer selected service level, provided Customer gives Motorola access to the Equipment before the end of the PPM. Motorola will extend a two (2) hour grace period beyond PPM at no charge. Following this grace period, any additional support will be invoiced on a time and material basis at Motorola then current rates for Professional Services.

4.1.9 Compliance to Local, County, State and/or Federal Mandated Changes. (Applies to Software and interfaces to those Products) Unless otherwise stated herein, compliance to local, county, state and/or federally mandated changes, including but not limited to IBR, UCR, NCIC and state interfaces are not part of the covered Services and will be quoted at the time of the request. Federal and State mandated changes for IBR and UCR are included in Motorola's standard maintenance offering.

4.1.10 Anti-virus Software. At Customer's request, Motorola will make every reasonable effort to test and verify specific anti-virus, anti-worm, or anti-hacker patches against a replication of Customer's application. Motorola will respond to any reported problem as an escalated support call.

4.1.11 Account Reviews. Upon request, Motorola will provide annual account reviews to include (a) service history of site; (b) downtime analysis; and (c) service trend analysis.

4.1.12 Reports. Service history reports and notifications are available from the Motorola call tracking system. If you are interested in obtaining access to service history reports and ticketing notifications, inquire with your Technical Support Representative.

4.1.13 Maintenance Contract Administration. Motorola's Maintenance Contracts Business manages the maintenance agreement following the warranty term that may be included in the purchase of a Motorola system.
Approximately four months prior to the expiration of the warranty period, a Motorola Customer Support Manager will contact you to discuss the options available for your specific site. The terms of the agreement can be customized to your agency's budgetary requirements and cycle. Motorola offers various levels of support to meet an agency's requirements, for example:

- Telephone, VPN support for software fixes
- Varying hours of coverage
- Third party vendor services
- On-site services
- Users Conference
- Professional Services

4.2 Customer Responsibilities

4.2.1 Initiate Service Request Cases. Contact Motorola through authorized tools and processes outlined in the Motorola Maintenance and Support Agreement Customer Support Plan Exhibit to initiate technical support request case.

4.2.2 Assess Severity Level. Assist in assessing the correct severity level per the severity level definitions found in the Customer Support Plan Exhibit.

4.2.3 Escalate Appropriately. Contact Motorola to add information or make changes to existing technical support cases, or escalate service requests to Motorola management. Motorola Services management contact information provided in the Customer Support Plan Exhibit.

4.2.4 Support on Hardware. Customer will provide all on-site hardware service or is responsible for purchasing ongoing maintenance for 3rd party on-site hardware support. Third party support on some system components may be available through Motorola Maintenance and Support Agreement. Customer will contact the appropriate vendor directly for parts and hardware service if not purchased through the Motorola Maintenance and Support Agreement.

4.2.5 VPN connectivity. Provide VPN connectivity and telephone access to Motorola personnel.

4.2.6 Anti-virus software. Run installed anti-virus software.

4.2.7 Operating System ("OS") Upgrades. Unless otherwise stated herein, Customer is responsible for any OS upgrades to the System, except HP OS upgrades. Before installing OS upgrades, Customer will contact Motorola to verify that a given OS upgrade is appropriate.

4.2.8 Trouble Report Form. To better assist us in gathering details for analyzing and repairing your system errors, Motorola has created the Trouble Report Form (page 21). Completion of this form by the customer is voluntary.

The Trouble Report form helps Motorola Technical Support reduce errors by increasing the understanding of the problem description definition. It may also improve repair time by understanding the probability of repeat errors. Additionally, should escalation to Motorola Engineering team be required, information gathered on this form will aid by potentially avoiding the wait associated with error reoccurrence.

Information customers provide on the Trouble Report form will assist Motorola Support team in expediting and troubleshooting the issue. Your assistance in providing the information is appreciated. Once you complete the form, please e-mail or fax this form to the Technical Support Representative assigned to work on the issue reported.

## Steps to Duplicate:

Motorola understands that duplication is not always easy. However, if you are able to duplicate the issue, providing us with the detailed keystrokes will greatly improve our ability to correct the issue in question. When unable to duplicate the issue on demand, providing us with detailed steps that preceded the issue reported will greatly help.

LABOR RATES

MAINTENANCE AND SUPPORT AGREEMENT 146
CUSTOMER: Sarpy County Communications

TERM: 10/1/2016-9/30/2017

The following are Motorola's current labor rates, subject to an annual change.

The following rates apply to Customers with a current, active Maintenance and Support Agreement. Billable rates apply to services provided outside of the scope of the Maintenance and Support Agreement and outside the selected Service Level PPM:

<table>
<thead>
<tr>
<th>SERVICE HOURS</th>
<th>LABOR RATES</th>
</tr>
</thead>
<tbody>
<tr>
<td>8 a.m.-5 p.m., M-F (local time)</td>
<td>$223 per hour, 2 hours minimum</td>
</tr>
<tr>
<td>After 5 p.m., Saturday, Sunday, Motorola Holidays</td>
<td>$334 per hour, 2 hours minimum</td>
</tr>
</tbody>
</table>

The following rates apply to Customers without a current, active Maintenance and Support Agreement and apply to services available on a Time and Material basis:

<table>
<thead>
<tr>
<th>SERVICE HOURS</th>
<th>LABOR RATES</th>
</tr>
</thead>
<tbody>
<tr>
<td>8 a.m.-5 p.m., M-F (local time)</td>
<td>$446 per hour, 2 hours minimum</td>
</tr>
<tr>
<td>After 5 p.m., Saturday, Sunday, Motorola Holidays</td>
<td>$668 per hour, 2 hours minimum</td>
</tr>
</tbody>
</table>

Above rates reflect labor rate only. Additional fees for on-site travel expenses, third party expenses and/or materials will be quoted at the time of customer request for services.
